AUGUST 2010

Join us!

As we continue providing services to older adults in Cave Creek, Carefree, North Scottsdale and North Phoenix we need your help! Next year, the oldest of America's 76 million baby boomers - those born from 1946 to 1964 will turn 65, and they'll keep coming until 2029. By then, the "oldest old," those 85 and older, will have grown by 377 percent. *

As we prepare for a growing aging population, we need your support. Foothills Caring Corps is increasing our operations to meet some of the needs of older adults to help people remain living independently in their own home. Each year we ask for

your assistance to maintain and build our organization. Our goal to raise \$200,000 for our 2010 Annual Campaign is a difficult one during these interesting times. However, we know we are blessed with strong supporters!

Please share your resources and help us maintain and grow our programs to provide quality services which will engage people in life and the greater community. Your contribution will help improve the quality of life for each of our "Neighbors."

New Vehicle

We are anxiously awaiting the delivery of our new cutaway with a lift van. This vehicle is larger than our maxivan but also has a wheelchair accessible lift. ADOT is providing a majority of the funds, but we are looking for \$7,500 in matching funds. These matching funds will help us to keep our fleet of vans providing transportation to more than 100 Neighbors who are unable to drive. Your support is important to the community. Please call us with your donation.

Special recognition and communication for each of you is our goal. Phone and e-mail are our typical types of communication. Sometimes e-mail communication is the easiest method for contacting you. Could you please help us by calling in or sending in your e-mail? Thank you so much! Our e-mail address is Services@foothillscaringcorps.com and our phone is 480.488.1105. Our fax is 480.488.8117. Your updates on any of your phone or e-mail changes helps us. Thank you.
